EXPERIENCE

Freelance

📅 Jan-Present

- Worked for variety of clients to build the backbone of professionally designed websites from the ground up, and fixing sites bugs.

Live Projects

- **Stay-Brief:** An E-commerce Hotel Website.
- **FretBoard Geek:** An US based start-up who helped geeks to learn Guitar and other musical instruments.

PROJECTS

COVID-19 Tracker and Relaxer

- **Covid-19 tracker** which tracks the number of cases, deaths and recoveries of a particular country and allows you to change it.
- **Covid Relaxer** which checks the breathing issues by having a basic exercise.
- Used **HTML, CSS** for styling, and **Javascript** for fetching the API by **Geoplugin** and **Chart** for showing the graph and **Node.js, Express** for routing.

Messaging-Chat Application

- A broadcasting chat application which allows many users to talk at a same time
- Used a bit of HTML, CSS and Javascript in the frontend and **Node.Js, Express** and **Socket.io** in the backend

SRM-Website

- Re-Design UI/UX interface of our college website on college demand.
- Used **HTML 5, CSS 3, Bootstrap** and **Javascript** for making the site dynamic.

Music Player

- A Music Player with next, previous, play/pause and drag operations.
- Used **HTML 5, CSS 3** for design and animation and **Javascript** for all the functions.

EDUCATION

B.Tech in Computer Science

SRM Institute Of Science and Technology

📅 2018 – 2022

CGPA: 9.55/10.0

- -

Three Dots Sewamarg Public School

- Class 12th   Percent: 89
- Class 10th   CGPA: 10.0/10.0

ACCOMPLISHMENTS

Codechef

💼 4-Star   📍 Ratings: 1945

- OCT20B   Global Rank: 50   Country Rank : 35
- JULY20B   Global Rank: 469   Country Rank: 397

Google KICKSTART 2020

- Round E   Global Rank: 929   Country Rank: 545

Uber HackTag 2021

- Ranked < 150 among 24000+ teams in a temp up Coding Competition

GeeksForGeeks

- Ranked among Top 5 in 24-Hour Sprint Coding Challenge.
- Ranked among Top 2 in Geek-O-ylmpics.

NPTEL

- NPTEL certification in "Programming in C++" and "Design and Analysis of Algorithm"
